What You Can Do During Mental Health Awareness Month

- Share information locally.
- Help spread the word about Mental Health Awareness screenings.
 - Visit mhascreening.org to take one yourself.
- Call or email your elected officials and let them know why you think mental health should be a priority.
- Get your employer involved and share why mental health should be a priority in the workplace.
 - Suggest they share information department-wide or bring a wellness or mental health speaker to your office.
- Share your story about your own mental health journey.
- Reach out individually to someone you think would find information useful.
- Consider using our benefits to speak with a counselor or therapist.
- Check out CAPS End of Semester Care
